## Installation Manual and Safety Instructions

### Type : Wall-mount 、 Interchangeable and Desktop

The following safety precautions must be observed during all phases of operation to avoid injury and prevent damage to the adapter.

#### For power supply models : FRA/FRM/FCA/FHA/FDMxxx-Syyy/Dyyy-zz

xxx can be

06,12,15,18,24,30,30E,32,36,40,42,45,45E,50,60,65,72,90,100,130,150,180,250,310

yyy can be

03,05,07,09,12,13A,13C,15,17,17A,18,24,30,36,48 or 120,150,180,190,240,360,480

zz can be

4,5,6,8,A,B,C,U,E,I,IS,SA,SC,SE,SU,AU,CU,EU,UU

### ◎INSTALLATION:

- (1) Avoid pulling on the AC cords and DC cables. Always grip DC plugs firmly when unplug from power source and when disconnect cables.
- (2) Before attaching the DC plug to the equipment, be sure unplugging the adapter from the AC main power and verify the unit is within the voltage and current rating on the equipment.
- (3) Keep the linkage between the adapter and its power cord tightly as well as connecting the DC plug to equipment properly.
- (4) To ensure adequate cooling of the adapter, be sure that there is at least 10-15 cm clearance around the adapter.
- (5) Discount the equipment from the adapter to avoid damage by voltage peaks or lightning strike when final equipment will not use for a long time.
- (6) Make sure power cord will not being trodden on or squashed.

◎ WARNING & CAUTION:

Please pay special attention to these two types of notices used in this manual

**WARNING:** Failure to observe this warning may cause injury to persons and damage to power supply or connected equipment.

**CAUTION:** Failure to observe this warning may result in damage to equipment and improper functioning of the power supply.

- (1) To avoid electric shock or fire hazard, do not apply a voltage to a terminal that is outside the range specified for that terminal.
- (2) To avoid electric shock or hazard, do not remove the cover when operate the adapter; serious result include death from exposure to high voltage. And also be sure to unplug the adapter from its external power source before attaching the power tip.
- (3) Do not operate the adapter in extreme humidity (>90%) or near the water.
- (4) This adapter is for indoor use only.
- (5) Do not operate or place this adapter in a humid, dusty, in direct sunlight location or near any heat source.
- (6) Do not drop or subject the adapter to undue shock.
- (7) Do not place any heavy object on the top of adapter.
- (8) Before clean the adapter, please disconnect it from AC power and only use slightly damp cloth to clean the adapter.

## Compliance and Regulatory Statements

### 1. EN55032 and CISPR32 – Class B warning

This is a Class B product that may cause radio interference. In this case, the user may be required to take adequate measures.

### 2. FCC Part 15 Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generate, use and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area are likely to cause harmful interference, in which case the user will be required to correct the interference at his or her own expense.

### 3. ISED Statement

This equipment does not exceed Class B limits for radio noise emissions for digital apparatus, set out in Radio Interference Regulation of ISED Canada.

Operation in a residential area may cause unacceptable interference to radio and TV reception requiring the owner or operator to take whatever steps necessary to correct the interference.

### 4. EU Directives: EMC, Safety and RoHS Recast

zz can be 4,5,6,8,A,B,C,U,E,I,IS,SA,SC,SE,SU,AU,CU,EU,UU

bears the following CE mark:

## Environmental Information

### Waste Electrical and Electronic Equipment – WEEE

The WEEE (Waste Electrical and Electronic Equipment) legislation aims to raise the level of recycling of electrical and electronic equipment and to encourage designers to create products with recycling in mind.

The FranMar equipment that you bought has required the extraction and use of natural resources for its production. It may contain hazardous substances that could impact health and the environment.

In order to avoid the dissemination of those substances in our environment and to diminish the pressure on the natural resources, we encourage you to use the appropriate take-back systems. Those systems will reuse or recycle most of the materials of your end-of-life equipment in a sound way.

The crossed-out wheeled bin symbol invites you not to dispose of WEEE as unsorted municipal waste and to collect such WEEE separately.

### Making changes or modifications

Any changes and modifications not expressly approved by FranMar will void any compliance and regulatory approval, and will void the user's authority to operate the equipment.
